

Vancouver Flying Programme 2018

With the sponsorship from the College Quality Campus Life Fund of the UOW College Hong Kong/ Community College of City University as well as the Division of Applied Science and Technology, a group of six students from the programme Associate of Science in Airport Operations and Aviation Logistics (ASAOAL) attended a short pilot training in Vancouver, Canada in the summer 2018. The training at Sea Land Air Flight Centre includes 10-hour flying experience, pre-flight and post-flight briefings and ground school in aircraft operations. By having their ever first experience of controlling an aircrafts, the students are more dedicated to pursue their career goals towards pilot and other aviation professions.
