On 20th January 2017, a group of 23 students from Associate of Science in Business Analysis (AScBAnt), led by the Programme Leader Mr. Andrew Yam, visited the Hong Kong Stock Exchange (HKEX) Exchange Exhibition Hall. A guided tour by a staff representative of HKEX was arranged for the students to introduce an overview of HKEX, the Shanghai Connect and Shenzhen Connect, types of stock trading in Hong Kong and major IPOs in recent years. From the student's feedback, the visit allowed them to understand more about the stock trading in Hong Kong today and the past.

The visit aligns with the academic and career interests of our students as some graduates proceeded to Bachelor's studies in Business Analysis, Finance and Investment Science and started careers at major banks in Hong Kong.
