On 18 April 2015, a Career Sharing and Mock Interview Workshop organized by Hong Kong Logistics Association was offered to logistics undergraduate and sub-degree students which aims at providing a platform for students to understand current industry trend, seeking industry-related job opportunity and networking with industry professionals.

On that day, eight AOAL Year 2 students attended the talk and listened to the presentation about current trends in Hong Kong logistics industry, purpose of job interview, preparation of job interview and CVs. Apart from the career sharing session, HKLA also organized a Mock Interview Workshop for students to practice their interviewing skills.
