

# Singapore Exchange Training Programme

---

SIX students from the Associate of Science in Airport Operations and Aviation Logistics (AScAOAL) joined the Singapore Exchange Training Programme organized by the Hong Kong Logistics Association (HKLA) to Singapore during June 12-17, 2013.

This project aims to provide students with an exposure to both international students and industrial experts so that the different parties can share their different perspectives from academic as well as the practical experience.

In this project, the students visited the Caseth Logistics (Singapore) Pte Ltd., Global Air Freight International Pte Ltd. (an airport bonded warehouse at the Changi International Airport), Wing Tai Retail Pte Ltd., Grocery Logistics of Singapore Pte Ltd., Korchina Singapore Logistics Company, as well as delivered professional presentations at the SIM University.
