

## Visit to Government Flying Service

for AScaOAL Programme, Division of Applied Science and Technology, Community College of City University

On 27 December 2013, 21 students from Associate of Science in Airport Operation and Aviation Logistics (AScaOAL) visited the Government Flying Service (GFS). The visit was led by Dr. Timothy Kwong and Mr. Andrew Yam, lecturers of the Division of Applied Science and Technology of CCCU. GFS is an internationally renowned paramilitary flying organization to provide wide range of services of search-and-rescue operations, fire-fighting, conveyance of casualties to hospitals in Hong Kong. From the tour to air command control center and hangar, as well as the valuable sharing by Mr. Eddie Ma, Aircraft Engineer of GFS, students have been benefited by understanding more about the process of flight planning for diverse operations of GFS, fleet types, disassembly of helicopter Super Puma for large-scale maintenance, and the spectrum of service of GFS.
